SUBJECT: Discharger sent protest letter to RWQCB in response  
to NONC, RWQCB request to obtain IGP coverage and photos

FILE: WDID Non-filer

**SUMMARY OF COMMUNICATION:**

Discharger sent a 6 page letter dated 16 August 2012 on Emerald Bay Marine Manufacturing Inc. letterhead stating that he was opposed to our request for him to obtain IGP coverage and that he felt that the permit fee was a unfair tax and that he would fight the RWQCB's request for his business to obtain IGP coverage with "every bit of his existence". He also stated in his 16 August 2012 correspondence that was in response to the 9 August 2012 Notice of Noncompliance that, "Ownership and responsibility of Emerald Bay is his only and to correspond with his daughter, Kasie Leroux is not only inaccurate but that she has nothing whatsoever to do with this business and/or it's financial responsibility, or lack thereof." This statement by William Hill conflicts with the fact that a new business sign hanging on the outside south facing wall of the facility indicates that the business is now named "Precision Craft Boatworks, Inc." A review of the Secretary of State Business Entities database shows that Kasie Leroux is the Agent for Service of Process for Precision Craft Boatworks Inc. as of 26 October 2011 (C3424992). This case has been forwarded to the CVRWQCB Redding office Enforcement Coordinator for review.
